

Dear Johnson & Johnson Team,

This is Pei Yu Sun and I go by Michelle. I graduated from Parsons the New School for Design in May 2017 with a BFA degree in Communication Design and a minor in Fashion Communication. I am looking for a Junior Interaction Designer or internship opportunities.

The education I received at Parsons made me a very flexible communication designer. I have experience in motion graphics, printing, typography, branding and UI/UX. I have experience in coding in HTML, CSS, Javascript, and Xcode. Also, have the freelance experience in street fashion photography and product photography. Currently, I am doing branding for startups as a freelance designer. Also, I am designing for a start-up studio [Overice](#). I did their branding and also help as a freelance designer.

I am eager to learn from the team from Johnson & Johnson. I hope that you will afford me the opportunity to become one of the Johnson & Johnson members.
